*David Brain*  
Chris,

Due to my worsening health I have decided to not renew my membership of the club this year and am therefore clearing out my plane collection.

None have been crashed apart from the Corsair and the Stuka but these both have been repaired. All are in excellent condition and all have wing bags; I am open to all reasonable offers.

Would it be possible to post this list on the club website or in the clubhouse? I have forgotten how to access the club web page.

I have had many happy flying times at the club over the years and will be sorry to have to give up the hobby.

Take care and regards to old friends

*David*
